Encourage other chessplayers to participate and make it a great event. The NSWCA wants as many entries as possible. There is a novices section for new players. In recent years there has been an increasing number of juniors in our tournaments. We would like this to substantially increase. Look at Chris Giddings - rated 1134 he was first equal with ex Aust Champion Fred Flatow in the last weekend!

We need as much help as possible to gain more chess players from our many ethnic groups. There are numerous Yugoslav, Philippino, Spanish, Russian players etc in Sydney. Can you help?

Sponsorship arrangements are still in progress. Further assistance appreciated.

The ratings published below include all members of the NSWCA and CAQ and all individual subscribers to Chess in Australia (as at 28th July 1986) taken from the ACF rating list of AUGUST 1986. We would like to publish the ratings of all members of all State Associations but once again no other State Association has provided us with a membership list. All queries on the ratings should be sent to your State Ratings Officer.
