Advertising

Commercial: Rates are \$60 per page, \$30 per half, \$15 per quarter.

Tournament: Rates are \$40 per page, \$20 per half, \$10 per quarter.

The ratings booklet is probably the most-read chess publication in Australia: players are always anxious to learn their new rating, and the ratings of their friends, and to see whose rating is increasing most rapidly, who are the strongest players, and so on. Some players carry it as part part of their chess "kit," to look up the ratings of their opponents and record them in the space provided on scoresheets.

It is an excellent vehicle to carry messages to all Australia's active chess players.

Would-be advertisers should contact Robert Jamieson (PO Box 716, Mt Waverley, 3149) for further information.

Deadline for advertisements is 10th of March, July & November.

Introduction

New Ratings Officer

SA's new ratings officer, Nick Speck, is well known to chessplayers around the country as one of our leading young players. Welcome to the club, Nick.

Errors

Don Maculaitis has pointed out a bug in the ratings update processing. The last transaction in the transactions file is not processed. If this last record is a player's tournament result, that player's games in that tournament are not rated.

Don has complained regularly, and I have looked in to it before now and been unable to identify the problem. I now have found the problem, but haven't finished testing the solution. Peter Hyland and perhaps some other players were affected in the December list. This bug has existed since the introduction of the current ratings system, and

Omissions

SA didn't get their ratings files following the last ratings book, and nobody complained to me. The result is that I haven't any SA transactions to process for this period. The ratings of SA players (except for those who've played out-of-state) haven't changed. Similarly, results for out-of-state players who played in SA tournaments do not reflect their SA results.

My plan is to process the SA transactions when I receive them (presumably soon), and then send the resultant player files to the state ratings officers. When these results are processed, ALL tournaments, including those already done, will be processed on their correct sequence and the ratings used to calculate August ratings will be those that ought have been published for April.

I hope to have fixed the error mentioned above by then, and so the player file that is distributed to SROs will be corrected for that error too.

The List

The first ratings list for 1995 reveals that a rating increase of only 77 was needed to ensure one's appearance on the Top Improvers list this time. This list is headed by Nathan Pearce (157), Neil Wright (155), David Smerdon (133), Adam Chevor (122) & Paul Kalkerinos (116). Of these, Neil is from NSW and the rest from Qld. It seems the Queenslanders are doing something well!

Of the top players, Rogers (2620), Johansen (2491) (and most of the other Olympiad players) haven't played in Oz. Solo (2398) has made up some of the ground and now ranks third ahead of Gedeveni (2385), Davidovic (2354) etc.

The top women are Feldman (2116), Aladjova-Wills (2068), Dekic and Koshnitsky.

J P Wallace and T Tao's rating haven't changed as they've been on duty in Moscow. Rutherford (1995) & Baron (1990) are ever so close to 2000: another point (or perhaps a half) each would have carried them over the line.

In the under 16s, Queenslander C Pizzato (1881) kept ahead of Max Leskiewicz (1861) to top the Under 16s. Joel McDonald (1798) & Lad Zeve (1754) have moved up as the ageing Low & Teh left the group.

The under 12s list is headed by Gareth Charles (N, 1549), David Smerdon (Q, 1513) Tristan Boyd (W, 1487), Michael Chow (V, 1448) (Joseph's younger brother).

This period's busiest players are Kevin Scott (W, 55), Nathan Davidson (Q, 51) Lloyd Fell (N, 50), Tom Powers (N, 49) and Lara Woerlee (A, 49).

Interpreting the list

The *Top Players* & *Females* lists show rating, number of games, state & players' names. The *Top Under ..* reports show age as used by the ratings system. *Top Improvers* has rating increase while *Busiest Players* lists number of games in the rating period then rating & name.

The *Rating* column contains one of several items:

3-4 digit number: player's rating.

New A player considered to have played no games

Unr Player for whom a rating cannot be calculated (score too high or too low).

Single digit followed by .r The player has that many games to play to be listed.

3-4 digits followed by .r Provisional rating.

A provisional rating is different from a confirmed rating only in the calculation. It is a performance rating calculated over the specified number of games.

The second column is the total number of games played for Unrated & provisionally-rated players: for established players it is the number of games played in the past rating period.
