ADVERTISING

Commercial: Rates are \$60 per page, \$30 per half or \$15 per quarter.

Tournament: Rates are \$40 per page, \$20 per half or \$10 per quarter.

The ratings booklet is probably the most-read chess publication in Australia: players are always anxious to learn their new rating, and the ratings of their friends, and to see whose rating is increasing the most rapidly, who are the strongest players, and so on.

It is an excellent vehicle to carry messages to all Australia's active chess players.

Prospective advertisers should contact the ACF at PO Box 716, Mt. Waverley, 3149 or phone/fax (03) 9700-4917.

Deadline for advertisements is 15th of March, July and November.

RU Confused?

Players with "new" against their name are credited with no rated games.

They may have played some games but lost them all.

Players with a number and "r" instead of a rating should know that they need to play more games to get a rating.

The number of games required is the number before the "r" and will be in the range 1 to 8.

Calculating Ratings

For a new player, a performance rating is calculated:

AR, Average of Opponents' ratings

TS, Total score

Sa, Score achieved

Se, Score expected

NG, Number of rated games

SR, the sum of opponents' ratings

NG, the number of rated games

R, Rating.

P, the probable percentage score from table 2.

RI, Rating increment

Rp, the performance rating.

Dp, the rating difference predicted in table 1. Most of the above symbols may be suffixed with o (old)

or n (new).

AR = SR/N

Rp = AR + Dp

Example

Smith scores 1/5 against players with an average rating of 1250.

NG = 5 TS = 1

Sa = {1/5} * 100 = 20. We locate the entry corresponding to 20% in table 1 and find Dp(20) = -240.

From the formula we have

Rp = 1250 + (-240) = 1250 - 240

Rp = 1010

Smith's performance rating is 1010.

ACF Grand Prix Progress Report

Darryl Johansen appears to have secured first place in the grand prix after a successful trip to Queensland. With several tournaments still to go, including the category 5 Xmas Swiss in Melbourne, it is still possible for the minor placings to change. The under 2000 and under 1600 prizes are also still up for grabs, but Phan-Koshnitsky has bolted away to win the Female section.

The big question on everyone's lips however is who is coming last in the Grand Prix? The answer is it is a tie between Phil Viner, Adrian Wills and Angelo Tsgarakis on .29 of a point. Well done chaps.
